*Auctioneer - Matthew Nicholls*STORE CATTLE - 36

A disappointing entry of store cattle on a day where more could have easily been sold, as there were plenty of men forward wanting cattle. A serious shortage of quality on offer with more of those smaller farming sorts which is reflected in the market averages and prices. Steers topped at £890/head and averaged £635/head to include all types, with a top price of 206p/kg achieved. There was a stronger entry of heifers in terms of quality which again was reflected in the prices achieved topping at £1170/head, averaging £853/head and topping at 219p/kg. Plenty of customers, plenty of demand, but a shortage of cattle. More needed next sale!!

BARREN COWS - 14

A stronger entry than ever catalogued with a varying entry forward in terms of quality. An overall average of 122p/kg was attained topping at 148p/kg. Cows averaged £780/head up to £1035/head. Again meat and farm assurance were key to achieving a premium. Plenty of cow buyers forward and many more could have been sold.

COWS & CALVES - 14

A seasonal entry of cows and calves topping at £1650/head for a nice Limousin outfit from J & N Farming. An average of £1240/head achieved for all types forward. If you have any cows and calves coming it is essential that we know about them to adequately advertise them. Please make sure that they are entered fully in the catalogue. There is plenty of demand for the right things.
