### STORE CATTLE - 188

A day where more cattle could easily have been sold. Plenty of buyers for a varied selection of cattle, with animals at both ends of the quality spectrum forward. Those best-end steers soaring to £1480/head for a Limousin steer from M/s P & D Pritchard, who also had another at £1400/head. The steers averaged a terrific £915/head which considering all types would be a serious trade. The top 20 prices were all in excess of £1010/head and averaged 212p/kg up to 261p/kg for a 440kg steer from M/s E L Morgan & Sons.

The heifers were also an excellent trade topping at 255p/kg for a 340kg heifer from Mr I J Powell. Heifers topped at £1090/head for a Charolais x from M/s I P & A I Lloyd. Any amount of buyers forward and we require a much stronger entry for next sale.

### BARREN COWS - 12

A disappointing entry considering the trade we had and that was forecast. More cows could have easily been sold especially those strongest, best meated continental types with cows soaring to £1185/head with others at £1175 and £1020. Plenty of demand for the right things resulting in an overall average of £830/head. More cows desperately needed every sale.

### COWS & CALVES - 11

A somewhat varied entry of cows and calves forward with not too much to go at but nevertheless a British Blue heifer with her Angus x bull calf made £1500. Another Limousin outfit from Mr M A Walsh sold to £1400. We have plenty of men looking for the right sorts and have a good entry promised for the next sale. The cows and calves averaged £1090/head, which for the entry forward was very respectable.
