PRIME LAMBS - 1940

Auctioneer - Richard Hyde

A larger entry met an improved trade with SQQ of 175.4p, 2.5p above last week with every sheep sold averaging £76.60. Heavies to £95, best export 208.1p with all good export sheep 175p+. Euro at 89p is exactly the same as last week. This is the highest trade for this time of the year in the last seven years and it may well be that the lambs killed in the March and April storms will be missed in terms of numbers available which could keep the trade up. 2000 needed every week.

STORE LAMBS - 4480

Auctioneer - Greg Christopher

A larger entry of lambs found a very good trade throughout, more customers in attendance with some cattle men now shutting in cattle and turning their attention to buying some lambs.

Strongest stores to £75, several pens trading from £67 to £73.50. Well bred farming lambs all £62 to £66.50 and similar to last week, although fewer of these bunches this week. A large show of medium keeping lambs - these easily sold throughout and look a little dearer on the week, well bred Continental and Suffolk very easily sold from £57 to £61.50, smaller sorts £54 to £56.80, harder bred lambs from £53 to £57. A handful of Mule wethers - these smaller farming types generally from £52 to £56. Longer keeping lambs sold to more customers this week and trading from £47 to £52 for well bred types with potential, several smaller harder bred lambs - these £42 to £50, smaller and plainer sorts from £36 to £45 depending on scale. Very small and some hill types trading £20 to £35. Ram lambs to £69.20, all strength £60 to £67.50 and sold to several customers. Farming sorts from £53 to £60 depending on condition and frame. Hill types to £57, others £47 to £53, smaller types £40 to £50. Ewe lambs sold to steady interest, North Country Mules sold to £94 for an eye catching pen, strong Texel cross Mules to £86 and £82. Suffolk and Mules lacked real strength and sold steadily from £70 to £78, Welsh Mules selective topping at £76.

BREEDING EWES - 2909

Auctioneer - Robert Meadmore/Greg Christopher

A much more difficult day generally, with not as good a show of sheep and possibly too many forward. However several high spots throughout the day with a section of pedigree Texel yearling ewes making up to £210 and again at £200 and £172. In the commercial Texel yearling section a super pen made £144 and again at £137 and then in the £120's, a nice pen of 2 year olds to £140, plenty of decent pens of Texel yearlings between £100 to £120. The best of the Suffolk yearlings to £138 and again some in the £110's to £120's. Good enquiry for flock age Suffolks with 2 year olds to £128, again at £116 and full mouth to £85. An abundance of Welsh Mule yearlings on offer, generally from £90 to £115. Two year old Mules to £113, others in the £90's. Several pens of Cheviot yearlings forward - best over £100 to £110, several sold around £100. Older Kerry ewes to £48, Herdwick 2 year olds to £55, Cheviot Mule yearlings to £125, two year old's to £115, 4 year old Welsh ewes to £54.

All good things come to an end, and we have had some tremendous weeks at Hereford just lately, so we look forward to next week.

CULL EWES - 2076

Auctioneer - Matthew Nicholls

A strong entry once again with a trade certainly sharper than last week. Whilst the average is less than last week this is by no means any reflection of the trade. Very few best ewes about, a large entry of smaller plainer ewes forward but even those were sharper than last week. Best ewes to £115/head. Rams to £126/head. Several grazing jobs on the go putting a bottom in the trade.

Numbers coming forward around the Country are steady which is helping firming the trade.

Average £49.53/head

Suffolks	£95
North Country Mules	£85
Welsh Mules	£77
Speckles	£54
